

Akhtar Raza

FULL-STACK DEVELOPER

9129403422 | akhtarraza111@gmail.com | AkhtarRazaMirza | akhtarraza.in | akhtarraza-dev | Fatehpur, India

PROFESSIONAL SUMMARY

BCA student and **Full-Stack Developer** with hands-on experience building and deploying web applications across frontend, backend, databases, authentication, APIs, and third-party integrations. Experienced in **project-based development** and freelance client work using **React, Next.js, TypeScript, Node.js, PostgreSQL, and Docker**.

EXPERIENCE

Agarwal Tech Support | Full-Stack Developer (Project-Based) | 6 months

- Built and delivered individual web features across client projects, including frontend pages, backend functionality, database work, and responsive UI.
- Implemented **authentication systems**, feature-level integrations, and **AI-powered functionality** based on project requirements.

Anems Travels | Freelance Full-Stack Developer | 1 month

- Built a **full-stack travel platform end-to-end** for a real travel-agency client, including the public website and admin dashboard.
- Implemented package management, booking workflows, CMS, blog, and backend APIs supporting **50+ travel packages**.
- Worked across **PostgreSQL, Drizzle ORM, Redis, Next.js, Node.js/Express, and TypeScript** with production deployment.

PROJECTS

Form Engine | Full-Stack SaaS

- Built and deployed a Typeform-inspired form builder in a Turborepo monorepo with type-safe **tRPC** communication.
- Implemented frontend, backend, PostgreSQL database, authentication, form builder, and dashboard across **7 major features**.
- Designed a reusable full-stack architecture for a complete SaaS product.

Technologies: TypeScript, PostgreSQL, tRPC, React, Turborepo

Stelix | Full-Stack Productivity Platform

- Built a unified productivity workspace combining **Gmail and Google Calendar** workflows in one application.
- Implemented React/Next.js frontend, Node.js APIs, PostgreSQL, authentication, Gmail and Calendar integrations.
- Worked across production performance, responsive UI, and integration reliability.

Technologies: React, Next.js, TypeScript, Node.js, PostgreSQL

Chaibook | AI Research & Learning Workspace

- Built a **NotebookLM-style research workspace** for working with documents, websites, YouTube sources, and text.
- Implemented source processing, **AI question answering with citations**, research workflows, and generated learning artifacts.
- Built the application across frontend, backend, database, AI integrations, and supporting services.

Technologies: Next.js, React, TypeScript, Express, PostgreSQL, Prisma, Pinecone, OpenAI

PPT.ai | AI Presentation Platform

- Built and deployed an **AI presentation platform** that turns user input into structured presentations.
- Developed the presentation generator, editor, templates, AI integration, and backend with **5+ templates** and **20+ presentation capabilities**.

Technologies: AI, TypeScript, React, presentation generation

EDUCATION

Dr. Preeti Global University | Shivpuri, Madhya Pradesh

2024 - 2027

Bachelor of Computer Applications (BCA)

CGPA: 7.8

SGPA: 7.8 (Semester 1) 8.2 (Semester 2) 7.8 (Semester 3) 8.0 (Semester 4)

SKILLS

Programming Languages : TypeScript, JavaScript, HTML5, CSS3

Frontend : React, Next.js, Tailwind CSS, Framer Motion

Backend : Node.js, Express.js, tRPC

Databases & Data : PostgreSQL, MongoDB, Redis, Drizzle ORM, Prisma

Tools & Platforms : Docker, Vercel, Git, GitHub

AI & Integrations : AI APIs, Gmail API, Google Calendar API

AWARDS & ACHIEVEMENTS

- Participated in **5+ hackathons** and won **1st place** in a hackathon competition.
- Built and deployed **15+ large full-stack projects** plus **30+ small and medium projects**.
